President's Report

Dear Members,

Welcome to the latest edition of the Rawson Review! The changing of the seasons is the perfect time to visit your Club and experience all that's on offer in exceptional dining, first class service and five-star facilities.

Last month we celebrated ANZAC Day. I would like to thank our management team and staff for once again organising and delivering events to the Club's high standards. A large number of our community including servicemen and women attended this year's Anzac Day Breakfast and the meal and service offered was exemplary.

We have also recently had our Annual Staff Awards presentation and I am pleased to share with you the wonderful news of those who were recognised:

- **Employee of the Year - Angus Maher**
- **Middle Manager of the Year - Delong Zou**
- **Members Choice - Nash Lee**

The Board of Directors congratulate the winners of the Service Excellence Awards and all the staff for their commitment to outstanding work.

Looking ahead, we have a wonderful calendar of events planned including a fabulous car giveaway, great new entertainment and delicious food. The new menu for Rawsons has now launched and I encourage you to grab a friend and explore the latest offering in our signature restaurant. Your Dine Vouchers are still available online via Service NSW so there's never been a better time to dine out!

On behalf of The Board of Directors and our Management Team we hope you enjoy the activities and entertainment that has been planned.

Regards,

David Taylor - President, OAM

'Immersive Classroom' launch at Karonga School

Your Club is proud to announce the completion of its latest community project, a purpose-built immersive classroom at Karonga School. The yearlong project which saw the Club contribute \$49,000 to the project brings new learning and life experiences to the students, many of which the children would otherwise never encounter.

An immersive classroom is a unique educational space bringing multi-sensory environments into the modern classroom which gives pupils an engaging and expansive learning experience. By harnessing the power of transformative potential through immersive learning the experiences and understanding of the students are enriched. Immersive Learning is an experiential methodology that uses Virtual Reality (VR) to simulate real-world scenarios and teach students in a safe and engaging immersive environment.
